Reasons why you should play Futsal

1. **Ball Touches:** Futsal player's touch the ball 210% more often.
2. **Ball Control:** With limited space and constant pressure players enhance their 1st touch and ability to protect the ball.
3. **Speed of Play:** With increased ball touches and good ball control players learn to think and play faster.
4. **Creativity:** Given the limited time and space player's must be creative in finding solutions and ways to escape pressure. using fakes and feints.
5. **Continuity:** Action is continuous, so players must maintain focus as the ball is hardly ever out of play.
6. **Knowledge:** With all player's moving in non-stop action mode, player's understanding of the game is enhanced.
7. **Improved finishing:** The small size of the pitch results in more attacking moments and opportunities to shoot on goal.
8. **Work ethic:** You are constantly involved when playing Futsal, you are always on the move and must work super hard to create chances on goal.
9. **Fun:** All players enjoy the challenge of playing a fast paced, high energy and skill orientated game.

Season 22-23 Places Available: we have places available in most age groups. For age groups oversubscribed we will add a **training only group** to encompass 1 or 2 age groups. In particular we are looking to start teams in the following age groups:-
